

For 125 years, Goodfellow has been a trusted distributor, manufacturer and importer of lumber, specialty wood products, flooring and other building materials.

2023 PRODUCT GUIDE

WOOD

Over 50 species of hardwood and softwood lumber for all your residential, industrial or manufacturing projects.

GOODFELLOW Terra PRESSURE TREATED WOOD

Goodfellow's pressure treatment technology is an eco-responsible choice to prevent wood rot and insect damage.

Trus Joist Weyerhaeuser

High quality Engineered Wood Products for durable home construction projects. All lines available: TJI® Joists, LSL, PSL and LVL.

HARDWOOD

Domestic and exotic woods, in all standard sizes. Milled and prepared according to your specification.

WESTERN RED CEDAR

Sought-after for its appearance, durability and resistance, cedar is ideal for siding and decking projects.

EASTERN HEMLOCK

Ideal for structures such as bridges and guardrails posts.

PINE

Kiln dried, finger-jointed and custom milled to create flooring, heavy timber, panels and siding.

DOUGLAS FIR

Used for the production of large solid wood beams. Customized to your specification.

Specialized glued-laminated timber structural products supported by an experienced team of engineers and technicians.

FLOORING

HARDWOOD

We are a leader in hardwood flooring with a vast choice of species, dimensions, finishes and colours.

VINYL

The collection of planks and tiles are offered in the latest designer colours which complement any décor. Vinyl is ideal for high traffic areas.

LAMINATE

Choose from a wide variety of widths, thicknesses, finishes and colours according to the latest trends. Waterproof collections are available.

ENGINEERED WOOD

Flooring with a hardwood surface bonded to layers of composite wood for superior stability.

SPC

Stone Product Composite (SPC) offers a vast choice of looks and finishes and with best-in-class durability and resistance to dents and scratches.

SUB-FLOOR & ACCESSORIES

A complete range of accessories for installation, finishing and maintenance.

SIDING

WOOD SIDING

Unlimited patterns, formats, colours and finishes to suit any architectural style – from contemporary to traditional.

ACCESSORIES

A complete range of accessories for the installation and finishing of exterior walls.

GOODSTYLE ENGINEERED WOOD SIDING

A complete array of engineered wood siding including structural panels, lap siding, soffit and trimboards in a wide assortment of custom colours.

DRYline BUILDING WRAP

Withstands the toughest weather conditions and protects your residential or commercial project against vapor intrusion - even in hot and humid weather.

CONSTRUCTION PANELS

CONSTRUCTION PLYWOOD

Next generation plywood manufactured to ensure the best quality. Ideal for concrete forming. Fire retardant treatment available (D-Blaze).

OSB

Oriented strand board is lightweight, easy to handle and easy to install sheathing for walls, floors and roofs. Consistent density makes OSB versatile and high-performing for residential or commercial construction.

INDUSTRIAL PANELS

WOOD FIBER

High density panels (HDF), or medium density panels (MDF), suitable for non-structural interior applications. Slot Wall and certifications available (FR, MR, FSC® or NAUF).

columbia
FOREST PRODUCTS
HARDWOOD PLYWOOD

Plywood products have proven applications as structural panels for homes and general construction, including ceilings, walls and so much more.

MELAMINE & ACCESSORIES

These panels are ideal for cabinetry, walls, many architectural projects and are offered in a multitude of finishes.

DECKING

WOOD

Create exterior deck projects on any budget. Consider exotic woods, such as ipé, or domestic woods, such as western red cedar and Alaska yellow cedar.

GOODFELLOW Terra

PRESSURE TREATED WOOD

Goodfellow's pressure treatment technology is an eco-responsible choice to prevent wood rot and insect damage.

RAILINGS & ACCESSORIES

All the accessories you need for decks and other outdoor design features.

COMPOSITE DECKING AND RAILING

An alternative to traditional wood decking, composite provides beautiful, long-lasting, low maintenance decking and railing solutions.

While honoring its environmental and social responsibilities, Goodfellow offers the best quality products designed using the latest technology.

SPECIALTIES & OTHERS

CEILING TILES

For both residential and commercial applications, Armstrong ceiling tiles and installation systems enhance the finishing of any room.

FT SYNTHETICS
ROOF UNDERLAYMENT

F.T. Synthetics underlayment is an air, vapor and water barrier which acts as a secondary barrier under a primary roofing product such as asphalt shingles, synthetic shingles, metal, tiles, and cedar shakes.

ROOF SHINGLES

Cedar and asphalt shingles and accessories available in a wide range of styles and colors.

SOUNDPROOFING

Innovative solutions that create acoustical barriers for all types of construction.

INSULATION

A variety of products that improve building comfort and save you energy.

SOLID SURFACES

Acrylic resin can be thermoformed and moulded to make countertops, work surfaces, furniture, even entire rooms. Vertical or horizontal applications are possible, as well as straight or rounded surfaces. Bacteriostatic properties and inconspicuous seams provide optimum hygiene, and an ideal choice for kitchens, health facilities and laboratories.
